Taylor is one of the so-called "Wisconsin 14," who with 13 other democratic state senators famously left the state to deny a quorum on Gov. Scott Walker's "budget repair" legislation that repealed collective bargaining on benefits for public employees.

She will be addressing issues such as civic engagement, her experiences and understanding of recall elections and referenda, tools to organize citizens into action, voter registration and other pertinent information.

The luncheon will be held at the Hyatt Hotel, 125 E. Main Street, Rochester. Doors open at 11:30 a.m. Lunch and the program begin at noon.
